25X1

1. The DCID 1/2 Committee will meet on 17 February 1981 at 2 PM in Room 5E25, CIA Headquarters Bldg., to review the existing priority assignments for the three DCID 1/2 topics under the subcategory "4.4 International Terrorism." [REDACTED]

2. This review relates directly to the current high interest of the US Government in the subject of terrorism, and especially [REDACTED] role in international terrorism. The priorities for the subject of terrorism were reviewed some six months ago at the time of the annual review at which time there appeared to be general satisfaction with their levels. There have also been recent country reviews of [REDACTED] priorities that resulted in adjustments to the priorities for terrorism topics. In view of heightened policymaker interest, however, it is appropriate that the Committee review all terrorism priorities and propose any changes needed to ensure accuracy. [REDACTED]
